

St Robert of Newminster Catholic School & Sixth Form College Re-opening Plan & Risk Assessment June 2020

This plan serves to support staff, students and families during the re-opening of the school from 15th June 2020 onwards. It assesses areas of risk and outlines measures put in place to minimise these risks and to allow a safe process of re-opening for all concerned.

Various sources of guidance have been consulted in the creation of this document. These documents can be found in the following DfE Coronavirus Collection:

<https://www.gov.uk/government/collections/coronavirus-covid-19-guidance-for-schools-and-other-educational-settings>

As well as the following guidance:

<https://www.gov.uk/coronavirus/education-and-childcare>

<https://www.gov.uk/government/publications/closure-of-educational-settings-information-for-parents-and-carers>

Those responsible for the creation of the plan have been Mr D Juric, Mr A Dunn and the School Senior Leadership Team.

The plan will be reviewed weekly by the School Senior leadership Team and is subject to change as a consequence of renewed advice from Public Health England, UK Government and Department for Education and any other relevant body.

The plan will be adopted in agreement with the Local Governing Board of St Robert of Newminster Catholic School and Sixth Form College, and the CEO of Bishop Wilkinson Catholic Education Trust.

Mr Dean Juric

Needs of children within school.	Continued contact with families of EHCP/vulnerable children by telephone.
	School place made available throughout lockdown.
	Safeguarding staff in school every day.
	SEN Staff in school each day to work with those children needing support.
	First Aider on site at all times.
Displays of Covid19 symptoms	<p>Advice about Covid19 symptoms can be found at: https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/</p>
	NO ONE DISPLAYING SYMPTOMS OF COVID19 OR SELF-ISOLATING DUE TO A HOUSEHOLD MEMBER DISPLAYING SYMPTOMS SHOULD ATTEND SCHOOL.
	<p>Staff member: Sent home immediately and directed to request Covid19 test https://www.gov.uk/guidance/coronavirus-covid-19-getting-tested</p>
	Areas occupied by the member of staff to be cleaned and all other people who have been in contact with them should thoroughly wash hands and face.
	Staff displaying symptoms of Covid19 and subsequently confirmed by test or living with someone with Covid19 should isolate as directed by medical advice and an isolation note should be sent to school: https://111.nhs.uk/isolation-note/

	Student: Parents/carers informed immediately and directed to collect child urgently. Parents/carers advised to seek medical advice online at https://111.nhs.uk/ and Covid test should be requested.
	Pupil taken to outdoor area (mall area) or medical room to be supervised by medical room staff until child is taken home.
	If they need to go to the bathroom while waiting to be collected, they should use the medical room bathroom, which should be cleaned and disinfected before being used by anyone else.
	Classroom areas occupied by the child to be evacuated then cleaned and all other people who have been in contact with them should thoroughly wash hands and face.
	Supervising medical room staff to wear visor, face mask, apron, gloves.
	If a member of staff has helped someone with symptoms, they do not need to go home unless they develop symptoms themselves (and in which case, a test is available) or the child subsequently tests positive (in which case see below).
	Area to be deep-cleaned when vacated.
Confirmed cases of Covid19	NO ONE WITH COVID19 OR SELF-ISOLATING DUE TO A HOUSEHOLD MEMBER TESTING POSITIVE FOR COVID19 SHOULD COME TO SCHOOL.
	Carers should inform school if their child or anyone in their household has Covid19.
	Where the child, young person or staff member tests positive, the rest of their class or group (including the staff member) should be sent home and advised to self-isolate for 14 days. The other household members of that wider class or group do not need to self-isolate unless the child, young person or staff member they live with in that group subsequently develops symptoms.
	The school will follow any advice received from Public Health England in relation to such cases.
Vulnerable Individuals	This section has been completed with specific reference to: https://www.gov.uk/government/publications/coronavirus-covid-19-implementing-protective-measures-in-education-and-childcare-settings/coronavirus-covid-19-implementing-protective-measures-in-education-and-childcare-settings https://www.gov.uk/government/publications/covid-19-school-closures/guidance-for-schools-about-temporarily-closing#workforce

	https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19
	<p>Staff: In line with guidance, those who meet the <i>extremely clinically vulnerable</i> criteria will work from home. Although, the guidance does allow for those who are <i>clinically vulnerable</i> or <i>living with extremely clinically vulnerable</i> individuals to attend work, with appropriate measures in place, these staff will also at present work from home. The guidance makes clear that those staff who <i>live with clinically vulnerable (not extremely)</i> individuals can attend work.</p>
	<p>Staff with specific concerns should talk to the school about their concerns. Anyone with underlying health conditions should follow medical advice regarding risk to their own health. Staff shielding other home occupants should follow medical advice in order to protect others</p>
	<p>Students: Parents/carers of children with underlying health conditions should follow medical advice regarding risk to their child's health.</p>
	<p>Guidance states that children and young people (0 to 18 years of age) who have been classified as clinically extremely vulnerable due to pre-existing medical conditions have been advised to shield. These children should not attend school, and will continue to be supported at home as much as possible. Clinically vulnerable (but not clinically extremely vulnerable) people are those considered to be at a higher risk of severe illness from coronavirus (COVID-19). Parents/carers of children in this category should follow medical advice to come to a decision over whether to send their child into school or not.</p>
PPE	<ul style="list-style-type: none"> • Guidance states that the majority of staff in educational establishments will not require PPE. However, the following staff will be issued with PPE. • Medical Room staff (as outlined above). First aiders likewise. • Cleaners – disposable gloves, two tabards so that one can be washed and one worn. • Kitchen staff – disposable gloves, disposable aprons, face mask.

I consider the risk assessment suitable to control the risks to health and safety of both employees undertaking the tasks involved and any other person who may be affected by the activities.
