Chair of Governors: Mr. G. Moorhouse

19th March 2021

Dear Parents/ Carers and Yr11 Students

I previously told you that we would let you know this week of any subjects which were going to run any of their Year 11 assessments prior to Easter, in the final week of this term. The list of these subjects is below:

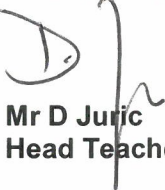

GCSE Biology (Triple scientists only)
GCSE Chemistry (Triple scientists only)
GCSE English Language
GCSE Geography
GCSE History
GCSE Physics (Triple scientists only)

All other Year 11 assessments will be after Easter. There will also be further assessments in the above subjects after Easter too.

The assessments listed above will take place Monday to Thursday w/c 29 March. Teachers will give all the details required to students during the course of next week, but just to remind you that assessments will simply take place in classrooms, following students' normal lesson times. Students do not need to follow any particular *assessment timetable*. They should just attend lessons as normal all week, as per their usual timetable.

I wish all students good luck with these and any future assessments. Please continue to work hard and maintain your focus.

Yours faithfully

Mr D Juric
Head Teacher
