Chair of Governors: Mrs A Nichols

1st February 2023

Dear Parent/Carer,

The Mathematics Department is offering your child the opportunity to purchase a CGP revision guide bundle of a revision guide book and exam practice workbook and at a discounted rate of £6.30.

Both revision resources could potentially support students in their study towards their Mathematics GCSE. However, it is worth reminding parents/carers that they are not the only resource that students can be using towards their Maths revision. Students have access to online platforms Hegarty Maths and GCSE Pod, alongside others that require no login e.g. Corbett Maths, which can be used to perform essentially the same function as these physical revision materials but at no cost to parents/carers. It is not an expectation nor is it a necessity to order these items.

Parents/carers of children who are eligible for eg free school meals will have these revision guides automatically provided for their children, so there is no need for you to order. If your child is not currently eligible, but you feel you may need financial support to purchase the revision resources, then please contact the school.

If you would like to purchase the bundle outlined above, please make payment via Parent Pay by Friday 17th February 2023. **It is vital that you select the correct tier** when choosing options – if you are unsure whether your child is studying Higher or Foundation tier, then please check with them before making payment.

Yours faithfully,

Mr Medd
Subject Leader: Mathematics
